Your City Directory
— Insures Proper Delivery

INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1942-1943 edition of the High Point City Directory.

Confidence in the growth of High Point's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting High Point to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professoinal men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the High Point Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 415, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of High Point, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 54, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of High Point. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like High Point, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 471 to 518, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, follows the Classified and is separately paged from 519 to 612. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of High Point.

The High Point Directory Library

Through the courtesy of the publishers of the High Point City Directory, a Directory Library is maintained in th offices of the High Point

Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HIGH POINT AND GUILFORD COUNTY TODAY

Origin of Name

High Point derived its name from a statement made by Captain Gregg, chief engineer of the surveyors of the North Carolina Railroad, from Goldsboro to Charlotte (now leased by the Southern Railway), in which he said, "This is the highest point along the whole survey, so we will mark it High Point."

Southern Furniture Exposition Building, with 10 Stories and 7½ Acres Floor Space

Industry

High Point occupies the unique position of being the Southern center of two major industries—furniture and hosiery.

The first furniture factory was established in 1888—today there are 40 furniture factories located here manufacturing a complete line of wooden household furniture including office desks and other equipment.

Located here are three furniture exhibition buildings for the exhibition of furniture, rugs, floor coverings and other household furnishings to the dealer—the fourteen-story Southern Furniture Exposition Building, the Tomlinson Exhibition and the Broad Street Furniture and Rug Mart—with combined floor space of 350,000 square feet. Two hundred eighty-three manufacturers of household furnishings exhibit their products in this—The Southern Furniture and Rug Market.

The daily capacity of the 20 hosiery mills of High Point exceed 50,000 dozen pairs of hose. The manufacture of hosiery ranges from infants' hose to full-fashioned hose, the volume in men's half hose being predominant. First hosiery mill established in 1905.

There is a wide diversity of manufacturing in High Point—in addition to 40 furniture factories and 20 hosiery mills, there are 123 other diversified manufacturing plants. Among these are plants manufacturing, Overalls, work shirts, men's summer clothing, mattresses, box springs, pillows, veneers, plywoods, art glass, paints, enamels, varnishes, lacquers, sealers, stains, fillers, undercoats and reducers, bobbin heads, shuttle blocks, building material, mirrors, glass furniture and novelties, toys, hosiery transfers, embossers labels and seals, silk and rayon weaving, hosiery and underwear yarns, dyes, chemicals and textile oil specialties, paper boxes, corrugated shipping containers and a variety of other products.

The manufacturer will find in High Point many advantages so necessary for successful and profitable operation (this is proved by the successful operation of plants now located here). Among these are climate (good living and working conditions); availability of intelligent native labor, 79.8% native white, 19.7% Negro, .05% foreign-born; harmonious industrial relations; efficient public utilities; adequate electric power, and modern municipal facilities.

Transportation

Located on main line of the Southern Railway System between Washington, D. C., and Atlanta, Ga.

On the High Point, Thomasville & Denton Railroad, a locally-owned and successful short-line railroad connecting, through the Winston-Salem Southbound Railroad, with the Norfolk & Western Railway, the Atlantic Coast Line Railroad and the Norfolk Southern Railroad, with through rates and service applying.

Air serivce through the Greensboro-High Point Airport is furnished by Eastern Air Lines main line, New York to New Orleans, and by Pennsylvania Central Air Lines through its Norfolk to Knoxville branch.

Sixteen motor freight lines operate out of High Point.

Charter and Form of Government

The original charter of the City of High Point was granted by the State Legislature in 1859. The present council-manager form of government was inaugurated by charter amendments in 1915 and 1931.

The present charter provides for a city council consisting of a mayor and eight councilmen.

High Point is operated under a modern city-manager charter which places responsibility for efficient operation of all departments upon the city manager and delegates to him authority commensurate with such responsibility.

The charter is unique in that the debt-creating power of the City Council is very greatly restricted. No new indebtedness may be created in any fiscal year in excess of 50% of the amount retired during the previous year, except by vote of the citizens. Under this plan, the indebtedness of the City will undoubtedly decrease each year, and at the same time, such limitation will not prevent the logical development of municipal facilities.

Electric Distribution System

The City operates its residential and commercial electric system with considerable net profit. The City's charges for electric current sold to its residential and commercial consumers are no greater than those charged for similiar classes of service rendered by private utility companies operating in this area.

Education

HIGH POINT COLLEGE

Is young: Founded in 1924, it is building its own spirit and traditions today by the contribution of each student on its campus. Young people enrolling here are not bound by the past, but are building for the future.

Is progressive: Student government functioning through dormitory and day student councils gives opportunity for student expression, guidance, responsibility and authority.

Has a curricula, designed to meet the needs of youth in our great democracy, comprehensive and elastic and at the same time sound and thoroughly witnessing the spirit of progress in education.

Is growing: The regular session of 1940-41 enrolled 502 and carried 300 in summer school and extension. 18 states were represented in the student body. This is a most remarkable record for 18 years' operation.

Offers rates within the reach of the most ambitious youth of limited means. The cost for boarding students is $430 for the year. Especially attractive is the opportunity for local youth who can have the year's work for $180.

Offers a beautiful campus; attractive, modern, fire-proof buildings; a competent faculty; adequate facilities; and an administration sympathetic with the testings that meet youth in college.

Is located in the heart of the Piedmont—at High Point, N. C.

Convenient to High Point are all the colleges and universities of the state. Time by automobile between High Point and such institutions ranges from 20 minutes to two hours.

Recreation, Area and Climate

City Lake Park—17 acres. Swimming pool 270 feet long, 165 feet wide, ranging in depth from 2½ to 11 feet; ample for Olympic swimming trials; water tested hourly as to purification; large wading pool. Two tennis courts, soft-ball field, outdoor amphitheatre, children's playgrounds equipped, family picnic facilities adjoins 700-acre lake, excellent fishing.

1939 Federal Census of Manufacturing, Retail and Wholesale Trade and Service Establishments

SERVICE ESTABLISHMENTS: Number of establishments, 171; number employees average for year, 564; payroll, $415,000; receipts, $1,163,000.

Although renowned as "The Industrial City," High Point could be readily termed "The Balanced City." For here, in addition to 183 factories and mills, are the banks, shops and stores which serve a local retail area of 75,000 population; here are broad, tree-shaded streets; here are the charm of flower gardens and the comfort of luxurious and modest homes. Here are recreation centers, sports and entertainment; and neighboring the city's outskirts are farms prospering with the varied products which modern agriculture creates. Admirably "balanced"—thriving—comfortable—substantial.

FACTS!!

ABOUT CITY DIRECTORY CIRCULATION

The true value of advertising circulation is circulation consulted—"User Circulation."
To be exact by actual survey in twenty-four average American cities by actual count each city Directory averaged three and one-half consultations for each business day.
To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.
For every thousand Directories sold there is an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

How the Modern Way Serves You—

The appeal of spotless table linen is universal. The satisfaction engendered thereby is a distinct pleasure, particularly when company arrives. The best home laundry work falls short of perfection no matter how modern the equipment or diligent the laundress. Our laundry will do a complete job or deliver wet if you prefer to do the ironing. Trust us with your finer, daintier things—you'll not regret it.

FACTS!!

ABOUT CITY DIRECTORY CIRCULATION

The true value of advertising circulation is circulation consulted—"User Circulation."

To be exact by actual survey in twenty-four average American cities by actual count each city Directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand Directories sold there is an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

FREIGHT SERVICE

FAST SERVICE is today's demand. We give it.

RELIABILITY as a carrier is a proved factor of our service. Our policies of courtesy and efficiency have been tried and a steady increase in the number of our patrons has resulted.

RESPONSIBILITY, financial as well as otherwise, is an essential which shippers and buyers should never overlook.

DEPENDABILITY is an essential factor of our service. Established and regular schedules to all parts of the United States — through our connections the Winston-Salem Southbound, Norfolk and Western, Atlantic Coast Line, Norfolk Southern and Seaboard Air Line railroads— assure you of deliveries as expected.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1942-43

Copyright, 1943, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The ∆ preceding names denotes householders and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.
